Summary of Core Recommendations: Headache CDEs

Subgroup:

Headache CDEs

Recommendations:

These instruments and elements are recommended for use in all Headache studies:

Core Instruments:

1. Functional Disability Inventory (FDI)-Child and Adolescent Form
2. Functional Disability Inventory (FDI)-Parent Form
3. Headache Impact Test-6 (HIT-6)
4. Migraine Specific Quality of Life Questionnaire (MSQoL)
5. Pediatric Migraine Disability Assessment (PedMIDAS)
6. Headache Diary

Core Elements:

Sub-Domain	Data Element	CDE ID (Internal use only)
Demographics	Birth date	C00007
Demographics	Age value	C00008
Demographics	Ethnicity USA category	C00020
Demographics	Race USA category	C00030
Demographics	Gender Type	C00035
Social Status	Education level USA type	C00012
Social Status	Education year count	C00015
Social Status	Employment status	C00204
Social Status	Family income range	C00205
Social Status	Family income supported persons count	C00206
Social Status	Marital or partner status	C00207
Social Status	Military USA service branch type	C00208
Social Status	Military combat zone deployment number	C00209
Social Status	Military combat status	C00210
Social Status	Living with persons count	C00214
Social Status	Living with person relationship type	C00215
Social Status	Military USA rank category	C00220
Social Status	Military service status	C00221
Social Status	Job classification category	C00222
Social Status	Health insurance type	C00226
Social Status	School repeat grade indicator	C14117
Social Status	Student course load status	C15986
Social Status	Employment weekly hour count	C15987
Social Status	Employment paid job count	C15988
Social Status	Unemployed reason	C15989
Social Status	Military non-combat zone deployment number	C15990

Sub-Domain	Data Element	CDE ID (Internal use only)
Social Status	Deployment most recent start date and time	C15991
Social Status	Deployment most recent end date and time	C15992
Social Status	Dependent children number	C15993
Social Status	Dependent children living in household number	C15994
Social Status	Household wage earners number	C15995
General Health History	Medical history condition SNOMED CT code	C00313
General Health History	Medical history condition text	C00322
General Health History	Data source	C08147
General Health History	Adopted indicator	C10813
General Health History	Relative first degree total count	C15997
General Health History	Relative first degree live count	C15998
General Health History	Relative first degree decease count	C15999
General Health History	Relative first degree unknown count	C16000
General Health History	Relative second degree total count	C16001
General Health History	Relative second degree live count	C16002
General Health History	Relative second degree decease count	C16003
General Health History	Relative second-degree unknown count	C16004
General Health History	Data collected date and time	C06005
General Health History	Pregnant ever indicator	C10556
General Health History	Birth control method type	C10981
General Health History	Gravida maternal value	C11065
General Health History	Pregnancy indicator	C15624
General Health History	Birth control indicator	C16008
General Health History	Birth control last used date and time	C16009
General Health History	Pregnancy confirmed date and time	C16011
General Health History	Pregnancy estimated delivery date ultrasound based indicator	C16013
General Health History	Pregnancy prenatal testing performed indicator	C16014
General Health History	Prenatal testing type	C16015
General Health History	Prenatal testing date and time	C16016
General Health History	Prenatal testing result	C16017
General Health History	Pregnancy complication indicator	C16018
General Health History	Pregnancy infection illness indicator	C16020
General Health History	Pregnancy prior history births full-term count	C16022
General Health History	Pregnancy prior history births pre-term count	C16023

General Health History	Pregnancy prior history birth defect indicator	C16024
General Health History	Pregnancy prior history loss indicator	C16026
General Health History	Pregnancy prior history loss week count	C16027
General Health History	Pregnancy prior history toxic exposure type	C16028
General Health History	Pregnancy estimated delivery date and time	C16173
General Health History	Menstrual period last date	C16175
General Health History	Delivery or pregnancy termination last date and time	C10558
General Health History	Delivery mode type	C11078
General Health History	Neonate delivery route type	C11079
General Health History	Delivery caesarean timing status	C11081
General Health History	Pregnancy most recent live born infant indicator	C16037
General Health History	Pregnancy fetus normal indicator	C16040
General Health History	Delivery induced reason	C16042
General Health History	Delivery cesarean section reason	C16044
General Health History	Pregnancy labor delivery complication indicator	C16046
General Health History	Tocolytic agents required during preterm labor indicator	C16048
General Health History	Birth child date and time	C16049
General Health History	Phenotypic sex child type	C16050
General Health History	Birth weight child value	C16051
General Health History	Birth length child value	C16053
General Health History	Full term delivery child indicator	C16055
General Health History	Gestational age child value	C16056
General Health History	Activity pulse grimace appearance respiration five minute child score	C16057
General Health History	Activity pulse grimace appearance respiration ten minute child score	C16058
General Health History	Weight delivery mother measurement	C16059
General Health History	Weight delivery mother unit of measure	C16060
General Health History	Pregnancy fetal diagnostic test performed indicator	C16062
General Health History	Pregnancy fetal diagnostic test date	C16063
General Health History	Pregnancy fetal diagnostic test result	C16064
General Health History	Congenital anomaly child indicator	C16065
General Health History	Newborn complication child indicator	C16067

Sub-Domain	Data Element	CDE ID (Internal use only)
General Health History	Placenta umbilical cord abnormality indicator	C16069
General Health History	Pregnancy outcome type	C16169
General Health History	Delivery induced reason other text	C18617
History of Disease/Injury Event	Headache migraine type	C16005
History of Disease/Injury Event	Headache migraine diagnosis indicator	C16010
History of Disease/Injury Event	Headache history indicator	C15936
History of Disease/Injury Event	Headache typical severity type	C15937
History of Disease/Injury Event	Headache typical level activities affected result	C15939
History of Disease/Injury Event	Headache typical associate symptom type	C15940
History of Disease/Injury Event	Headache symptom frequency	C15941
History of Disease/Injury Event	Headache month average frequency	C15942
Classification	Vision (aura) typical symptom type	C15946
Classification	Skin sensation typical indicator	C15947
Classification	Skin sensation frequency	C15948
Classification	Headache typical anatomic site	C15949
Classification	Headache typical pain type	C15950
Classification	Headache short treatment duration	C15951
Classification	Headache long treatment duration	C15952
Classification	Headache average treatment duration	C15953
Classification	Headache shortest untreated duration	C15954
Classification	Headache longest untreated duration	C15955
Classification	Headache average untreated duration	C15956
Classification	Headache frequency	C15958
Classification	Headache pain walk up stair typical indicator	C15960
Classification	Headache worse during activity indicator	C15961
Classification	Headache affect activity level indicator	C15962
Classification	Headache school function level percentage value	C15963
Classification	Headache play function level percentage value	C15964
Vital Signs and Other Body Measures	Blood pressure diastolic measurement	C01507
Vital Signs and Other Body Measures	Height measurement method type	C01513
Vital Signs and Other Body Measures	Height measurement	C01522
Vital Signs and Other Body Measures	Weight measurement	C01541
Vital Signs and Other Body Measures	Weight measurement method type	C01546
Vital Signs and Other Body Measures	Blood pressure measurement position type	C01553

Summary of Core Recommendations: Headache CDEs

Sub-Domain	Data Element	CDE ID (Internal use only)
Vital Signs and Other Body Measures	Blood pressure systolic measurement	C01565
Vital Signs and Other Body Measures	Weight unit of measure	C01581
Vital Signs and Other Body Measures	Height unit of measure	C01582
Vital Signs and Other Body Measures	Weight percentile value	C15900
Vital Signs and Other Body Measures	Height percentile value	C15901
Vital Signs and Other Body Measures	Weight to height ratio value	C15902
Laboratory Tests and Biospecimens/Biomarkers	Lab specimen collection date and time	C01701
Laboratory Tests and Biospecimens/Biomarkers	Food last consumed date and time	C10821
Laboratory Tests and Biospecimens/Biomarkers	Last headache current day elapse time	C15596
Laboratory Tests and Biospecimens/Biomarkers	Last headache sample collection elapse time	C15599
Laboratory Tests and Biospecimens/Biomarkers	Headache severity prior sample collection score	C15604
Laboratory Tests and Biospecimens/Biomarkers	Medication history change indicator	C15607
Laboratory Tests and Biospecimens/Biomarkers	Premenopausal indicator	C15618
Laboratory Tests and Biospecimens/Biomarkers	Menstrual cycle day collection time value	C15621
Laboratory Tests and Biospecimens/Biomarkers	Pregnancy gestational week value	C15627
Laboratory Tests and Biospecimens/Biomarkers	Postpartum indicator	C15629
Laboratory Tests and Biospecimens/Biomarkers	Postpartum day week value	C15630
Laboratory Tests and Biospecimens/Biomarkers	Premenarchal indicator	C15632
Laboratory Tests and Biospecimens/Biomarkers	Gene type	C10844
Laboratory Tests and Biospecimens/Biomarkers	Gene screened indicator	C10845
Laboratory Tests and Biospecimens/Biomarkers	Gene mutation indicator	C10846
Laboratory Tests and Biospecimens/Biomarkers	Genetic testing performed indicator	C15520
Laboratory Tests and Biospecimens/Biomarkers	Headache gene present indicator	C15522
Laboratory Tests and Biospecimens/Biomarkers	Gene mutation type	C15539

Sub-Domain	Data Element	CDE ID (Internal use only)
Laboratory Tests and Biospecimens/Biomarkers	Gene nucleotide change name	C15545
Laboratory Tests and Biospecimens/Biomarkers	Gene amino acid change name	C15549
Laboratory Tests and Biospecimens/Biomarkers	Gene unclassified variant shown indicator	C15553
Laboratory Tests and Biospecimens/Biomarkers	Gene detection method type	C15557
Drugs	Medication prior or concomitant use indicator	C02002
Drugs	Medication prior or concomitant ongoing indicator	C02003
Drugs	Medication prior or concomitant dose	C02006
Drugs	Medication prior or concomitant end date and time	C02008
Drugs	Medication prior or concomitant dose frequency	C02011
Drugs	Medication prior or concomitant dose unit of measure UCUM code	C02013
Drugs	Medication prior or concomitant name	C02014
Drugs	Medication prior or concomitant route type	C02015
Drugs	Medication prior or concomitant start date and time	C02016
Drugs	Medication prior or concomitant dose unit of measure	C02022
Drugs	Medication prior or concomitant indication text	C02024
Drugs	Adverse event track number	C16029
Drugs	Headache pain medication after study drug indicator	C16211
Patient Reported Outcomes	Headache retire bed indicator	C15893
Patient Reported Outcomes	Headache associated symptom type	C15897
Patient Reported Outcomes	Headache worst pain anatomic site	C15899
Patient Reported Outcomes	Headache or migraine medication taken type	C15969
Patient Reported Outcomes	Headache warning symptom indicator	C15971
Patient Reported Outcomes	Headache aura symptom type	C15972
Patient Reported Outcomes	Headache aura symptom onset range	C15973
Patient Reported Outcomes	Headache post initial study medication time interval value	C15975

Sub-Domain	Data Element	CDE ID (Internal use only)
Patient Reported Outcomes	Headache post initial study medication date and time	C15976
Patient Reported Outcomes	Headache end date and time	C15977
Patient Reported Outcomes	Headache re-start date and time	C15978
Patient Reported Outcomes	Headache re-start end date and time	C15979
Patient Reported Outcomes	Headache affected activity type	C15980
Patient Reported Outcomes	Headache pain medication time AM PM indicator	C18028
